Obtaining of “JFS-C” Standard, Food Safety Management Standard
by Japan Food Safety Management Association,
at NIPPN (Thailand) Co., Ltd.

NIPPN (Thailand) Co., Ltd. (President: Toshiharu Matsuo), a NIPPN Group company, announces that it has gained the “JFS-C” Standard originated in Japan, a food safety management standard developed and operated by the Japan Food Safety Management Association (JFSM). This is the first acquisition of this certification by a NIPPN Group’s overseas location

“JFS-C” is the first standard certification approved by the Global Food Safety Initiative (GFSI) in October 2018 in the Asia-Oceania region and aims to standardize efforts to ensure food safety throughout the food chain and to improve the food safety level of its receivers.

Through the operation of this standard and certification system, the Group delivers safe and secure products to its customers and to further strengthens its quality control system.
